**Airstream "Snowmobile"**

My son and I just completed 5,000 mile book tour in our Airstream "snowmobile" promoting our books about a Miracle Snow Storm on Christmas Eve in South Texas 2004. We began at the Texas Book Festival in Austin.

The "snow" is courtesy of snow machines atop the Airstream. Add the crazy glasses and we could make it snow again and again. Kids loved it. Our Airstream was our rolling billboard. We made over eighty stops at HEB stores throughout Texas. Even lived in luxury in HEB Grocery store parking lots. It was wonderfully fun!

We were supposed to retire in it but sold too many books to stop (over 90,000). Actually I was inspired to tour in the Airstream, because of an article about Mathew McConaughey in your magazine. Figured if it was good enough for him, I could pull it off. Luckily my good-looking son who wrote the kids' book came along.

**Hello from Switzerland**

All the best for the new year to you and your family. We enjoyed tremendously meeting you in Salem, OR. Hopefully we can make it to Perry, GA in June /July 2007.

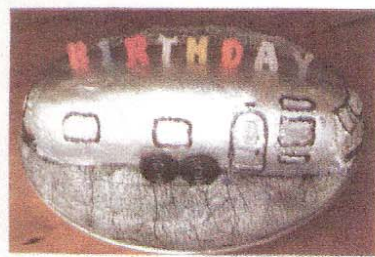

We had fun reading the article about the planned European line of Airstreams (especially with your family in the pictures of the article).

We already received the Winter issue of Airstream Life and found it again a real treat to read it during the Christmas holidays. Thank you for this present!

Now we say good by expressing again our best wishes for you, your wife and daughter.

*Editor's note: The article mentioned above appeared in Caravan Club Magazine, October 2005, and can be downloaded from <http://www.airstreamlife.com/extra/caravanclub.pdf>*

**And Finally ... Dessert**

I have attached a photo for your amusement. These are cakes that we baked last year, combining our Airstream and chocolate obsessions.
